

## GRAPHIC DESIGNER

AdMed is currently seeking a Graphic Designer in our Philadelphia office.

### POSITION SUMMARY

AdMed is currently seeking a Graphic Designer to assist in the development of a range of video, digital, and online training content. This candidate should be prepared to make an immediate impact on our products.

As a member of our Graphic Design team, you will be a key contributor to the look and feel of our client projects and our brand. This position is a full time, hybrid role and based in our Philadelphia, PA office.

### JOB REQUIREMENTS

- At least 2-5 years of experience executing graphic design and layout in an agency or production environment
- Advanced knowledge of design applications including Adobe Illustrator, Photoshop, and InDesign
- Demonstrated ability in delivering print and digital assets which adhere to style and brand guidelines
- Advanced knowledge of Microsoft Word and PowerPoint
- Strong time management skills and ability to handle multiple simultaneous deadlines
- Strong communication, conceptual, and organizational skills
- Storyboard development experience is a plus

### JOB RESPONSIBILITIES

- Design and layout material for use in video, animation, digital, and interactive projects which incorporate written, voiceover, and visual content
- Collaborate with the firm's creative and scientific teams to produce content which may illustrate scientific concepts, physiological processes, clinical data, or other information
- Adhere to design templates as well as external and internal brand guidelines
- Follow established templates, workflows, internal systems, policies, and procedures which lead to work being delivered on time and at the appropriate level of quality
- Take direction, collaborate, and communicate effectively and professionally across the production department and the firm
- Participate in the conceptual phases of the project life cycle, including ideation of how to align written scientific content with available time and resources to bring the most exciting outcomes to client projects
- Exercise independent judgment and creativity to create positive outcomes for clients and the firm

### EDUCATION REQUIREMENTS

Bachelor's degree in visual arts or a related field
